No. 1.—The following resolution of the Government of India is republished—

SOME DEPARTMENTS.

FOREIGN.

Dated, the 15th December 1916.

No. 2831—2866.

Enclosure.—In pursuance of the orders contained in the Resolution of the Government of India in the Home Department, No. 2820-2842, dated the 15th December 1916, the Governor General in Council is pleased to issue the following instructions with regard to verification of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged before leaving, to furnish himself with an authentic certificate of identity, in the form appended to this Circular, signed by the head of the district (in a *Presidency Town* and in the town of Bangalore, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a *Presidency Town* and in the town of Bangalore, the Commissioner of Police) or Political Officer in the case of a native.

Appeals for assistance by destitute Indians who have no relatives and by students who, owing to exceptional circumstances, are unable to complete their course of education, cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be especially useful to young men of good family, as it may enable the Secretary of State to call for their names and other particulars.

Those who are destined, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the possession of such a certificate of identity, which is supplemented by documentary evidence of respectability is not sufficient to ensure that a passport will be granted.

5. \* Nationality of applicant.....
